

```
1  #include <cs50.h>
2  #include <stdio.h>
3
4  int main(void)
5  {
6      // Prompt the user for a their name
7      string s = get_string("Name: ");
8
9      // Say hello to the user
10     printf("hello, %s\n", s);
11 }
```
