

```
1 // Print each character of a string vertically
2 #include <cs50.h>
3 #include <stdio.h>
4 #include <string.h>
5
6 int main(void)
7 {
8     // Get a string input from the user
9     string s = get_string("Input: ");
10
11     // Looped through each character
12     for (int i = 0; i < strlen(s); i++)
13     {
14         // Print each each chacter then a new line to make it vertical
15         printf("%c\n", s[i]);
16     }
17 }
```
